An act to amend Section 10140 of the Public Contract Code, to amend Sections 8352.3, 8352.4, 8352.5, and 8352.6 of the Revenue and Taxation Code, to amend Section 2103 of the Streets and Highways Code, and to amend Section 9400.4 of, and to add Section 42272 to, the Vehicle Code, relating to transportation, and making an appropriation therefor, to take effect immediately, bill related to the budget.

[Approved by Governor June 27, 2012. Filed with
Secretary of State June 27, 2012.]

LEGISLATIVE COUNSEL'S DIGEST

AB 1465, Committee on Budget. Transportation.

(1) Existing law imposes an excise tax on motor vehicle fuel (gasoline). Existing law, as a result of the elimination of the sales tax on gasoline effective July 1, 2010, provides for a commensurate increase in the excise tax on gasoline. Article XIX of the California Constitution requires gasoline excise tax revenues from motor vehicles traveling upon public streets and highways to be deposited in the Highway Users Tax Account, for allocation to city, county, and state transportation purposes. Existing law generally provides for statutory allocation of gasoline excise tax revenues attributable to other modes of transportation, including aviation, boats, agricultural vehicles, and off-highway vehicles, to particular accounts and funds for expenditure on purposes associated with those other modes. Expenditure of the gasoline excise tax revenues attributable to those other modes is not restricted by Article XIX of the California Constitution.

This bill, with respect to the increase in gasoline excise taxes as a result of the elimination of the sales tax on gasoline, would instead transfer the revenues attributable to aviation, boats, agricultural vehicles, and off-highway vehicles to the General Fund, commencing July 1, 2012, and ending June 30, 2015. The bill, with respect to these revenues already transferred to the particular nonhighway accounts and funds in the 2010–11 and 2011–12 fiscal years, would also transfer those revenues to the General Fund. Commencing July 1, 2015, the bill would instead transfer these revenues to the Highway Users Tax Account for allocation to state and local transportation purposes. Because that account is continuously appropriated, the bill would make an appropriation.

(2) Existing law provides for the payment of current year general obligation bond debt service for specified voter-approved transportation bonds from various revenues deposited in the Transportation Debt Service Fund, including revenues from vehicle weight fees in the State Highway

Account. Existing law also authorizes certain loans of vehicle weight fee revenue to the General Fund.

Existing law, for the 2011–12 fiscal year, appropriates \$866,300,000 from weight fee revenues in the State Highway Account for transfer to the General Fund as debt service reimbursement and loans. Existing law requires the Controller, upon notification by the Director of Finance that all debt service costs for the 2011–12 fiscal year have been reimbursed, to transfer any remaining weight fee revenues for that fiscal year in the State Highway Account to the General Fund as a loan until the \$866,300,000 has been transferred to the General Fund.

This bill would instead appropriate, for the fiscal year 2011–12, all annual revenue generated from the weight fees in the State Highway Account, excluding an amount equal to a loan of \$43,700,000 authorized pursuant to the Budget Act of 2011, for transfer to the General Fund as debt service reimbursement and loans. Any revenues for that fiscal year that remain after reimbursement of the debt service costs would be transferred to the General Fund as a loan, and the bill would require \$42,000,000 of those revenues to be transferred on July 1, 2012.

(3) Existing law appropriates, commencing with the 2012–13 fiscal year, all weight fee revenues deposited into the State Highway Account for transfer to the General Fund as reimbursement for debt service costs until all of the debt service paid on specified transportation bonds have been reimbursed or to redeem or defease bonds that are maturing in a subsequent year.

This bill would require the Controller, upon notification by the Director of Finance that all debt service costs for the fiscal year have been reimbursed, to transfer any remaining revenue generated from the weight fees for that fiscal year to the General Fund as a loan.

(4) Existing law requires public notice of a project under the State Contract Act to be given by publication in a newspaper or trade paper of general circulation, as specified.

This bill would authorize the Department of Transportation to alternatively meet the public notice requirement through electronic publication on the department's Internet Web site.

(5) This bill would require the Controller, upon order of the Director of Finance, to transfer \$432,200,000 from the Motor Vehicle Account to the General Fund as a loan in the 2012–13 fiscal year, to be repaid upon order of the Director of Finance and no later than June 30, 2016.

(6) The bill would make other related changes.

(7) This bill would appropriate \$1,000 to the California Transportation Commission from the General Fund relative to implementation of the bill.

(8) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1. Section 10140 of the Public Contract Code is amended to read:

10140. (a) Public notice of a project shall be given by publication once a week for at least two consecutive weeks or once a week for more than two consecutive weeks if the longer period of advertising is deemed necessary by the department, as follows:

(1) In a newspaper of general circulation published in the county in which the project is located, or if located in more than one county, in such a newspaper in a county in which a major portion of the work is to be done.

(2) In a trade paper of general circulation published in San Francisco for projects located in County Group No. 1, as defined in Section 187 of the Streets and Highways Code, or in Los Angeles for projects located in County Group No. 2, as defined in said Section 187, devoted primarily to the dissemination of contract and building news among contracting and building materials supply firms.

(b) The department may publish the notice to bidders for a project in additional trade papers or newspapers of general circulation that it deems advisable.

(c) In the case of the Department of Transportation, in lieu of the public notice described in subdivision (a), the public notice requirement of this section may instead be met by publishing the notice electronically on that department's Internet Web site.

SEC. 2. Section 8352.3 of the Revenue and Taxation Code is amended to read:

8352.3. (a) Subject to Sections 8352 and 8352.1, and except as otherwise provided in subdivision (b), all moneys deposited to the credit of the Motor Vehicle Fuel Account attributable to the distribution of motor vehicle fuel for use or used in propelling an aircraft in the state shall be transferred to the Aeronautics Account in the State Transportation Fund, for allocation as follows:

(1) To pay the pro rata cost of the Controller and the board under subdivisions (b), (c), and (d) of Section 8352.1.

(2) To pay for the support of the Department of Transportation, for the administration of the State Aeronautics Act (Division 9 (commencing with Section 21001) of the Public Utilities Code).

(3) Remaining balance to be available for expenditures in accordance with Section 21602 and Article 4 (commencing with Section 21680) of Chapter 4 of Part 1 of Division 9 of the Public Utilities Code.

(b) From July 1, 2012, until June 30, 2015, inclusive, the revenues attributable to the taxes imposed pursuant to subdivision (b) of Section 7360 and Section 7361.1 and otherwise to be deposited in the Aeronautics Account pursuant to subdivision (a) shall instead be transferred to the General Fund. The revenues attributable to the taxes imposed pursuant to subdivision (b) of Section 7360 and Section 7361.1 that were deposited in the Aeronautics Account in the 2010–11 and 2011–12 fiscal years shall be transferred to the

General Fund. Commencing July 1, 2015, the revenues attributable to the taxes imposed pursuant to subdivision (b) of Section 7360 and Section 7361.1 and otherwise to be deposited in the Aeronautics Account pursuant to subdivision (a) shall instead be transferred to the Highway Users Tax Account in the State Transportation Fund, for distribution pursuant to subdivision (a) of Section 2103 of the Streets and Highways Code.

SEC. 3. Section 8352.4 of the Revenue and Taxation Code is amended to read:

8352.4. (a) Subject to Sections 8352 and 8352.1, and except as otherwise provided in subdivision (b), there shall be transferred from the money deposited to the credit of the Motor Vehicle Fuel Account to the Harbors and Watercraft Revolving Fund, for expenditure in accordance with Division 1 (commencing with Section 30) of the Harbors and Navigation Code, the sum of six million six hundred thousand dollars (\$6,600,000) per annum, representing the amount of money in the Motor Vehicle Fuel Account attributable to taxes imposed on distributions of motor vehicle fuel used or usable in propelling vessels. The actual amount shall be calculated using the annual reports of registered boats prepared by the Department of Motor Vehicles for the United States Coast Guard and the formula and method of the December 1972 report prepared for this purpose and submitted to the Legislature on December 26, 1972, by the Director of Transportation. If the amount transferred during each fiscal year is in excess of the calculated amount, the excess shall be retransferred from the Harbors and Watercraft Revolving Fund to the Motor Vehicle Fuel Account. If the amount transferred is less than the amount calculated, the difference shall be transferred from the Motor Vehicle Fuel Account to the Harbors and Watercraft Revolving Fund. No adjustment shall be made if the computed difference is less than fifty thousand dollars (\$50,000), and the amount shall be adjusted to reflect any temporary or permanent increase or decrease that may be made in the rate under the Motor Vehicle Fuel Tax Law. Payments pursuant to this section shall be made prior to payments pursuant to Section 8352.2.

(b) From July 1, 2012, until June 30, 2015, inclusive, the revenues attributable to the taxes imposed pursuant to subdivision (b) of Section 7360 and Section 7361.1 and otherwise to be deposited in the Harbors and Watercraft Revolving Fund pursuant to subdivision (a) shall instead be transferred to the General Fund. The revenues attributable to the taxes imposed pursuant to subdivision (b) of Section 7360 and Section 7361.1 that were deposited in the Harbors and Watercraft Revolving Fund in the 2010–11 and 2011–12 fiscal years shall be transferred to the General Fund. Commencing July 1, 2015, the revenues attributable to the taxes imposed pursuant to subdivision (b) of Section 7360 and Section 7361.1 and otherwise to be deposited in the Harbor and Watercraft Revolving Fund pursuant to subdivision (a) shall instead be transferred to the Highway Users Tax Account in the State Transportation Fund, for distribution pursuant to subdivision (a) of Section 2103 of the Streets and Highways Code.

(c) When deemed necessary by the Department of Transportation and the Department of Boating and Waterways, the Department of Transportation, after consultation with the Department of Boating and Waterways, shall prepare, or cause to be prepared, an updated report setting forth the current estimate of the amount of money credited to the Motor Vehicle Fuel Account attributable to taxes imposed on distributions of motor vehicle fuel used or usable in propelling vessels. The Department of Transportation shall submit the report to the Legislature upon its completion.

SEC. 4. Section 8352.5 of the Revenue and Taxation Code is amended to read:

8352.5. (a) (1) Subject to Sections 8352 and 8352.1, and except as otherwise provided in subdivision (b), there shall be transferred from the money deposited to the credit of the Motor Vehicle Fuel Account to the Department of Food and Agriculture Fund, during the second quarter of each fiscal year, an amount equal to the estimate contained in the most recent report prepared pursuant to this section.

(2) The amounts are not subject to Section 6357 with respect to the collection of sales and use taxes thereon, and represent the portion of receipts in the Motor Vehicle Fuel Account during a calendar year that were attributable to agricultural off-highway use of motor vehicle fuel which is subject to refund pursuant to Section 8101, less gross refunds allowed by the Controller during the fiscal year ending June 30 following the calendar year to persons entitled to refunds for agricultural off-highway use pursuant to Section 8101. Payments pursuant to this section shall be made prior to payments pursuant to Section 8352.2.

(b) From July 1, 2012, until June 30, 2015, inclusive, the revenues attributable to the taxes imposed pursuant to subdivision (b) of Section 7360 and Section 7361.1 and otherwise to be deposited in the Department of Food and Agriculture Fund pursuant to subdivision (a) shall instead be transferred to the General Fund. The revenues attributable to the taxes imposed pursuant to subdivision (b) of Section 7360 and Section 7361.1 that were deposited in the Department of Food and Agriculture Fund in the 2010–11 and 2011–12 fiscal years shall be transferred to the General Fund. Commencing July 1, 2015, the revenues attributable to the taxes imposed pursuant to subdivision (b) of Section 7360 and Section 7361.1 and otherwise to be deposited in the Department of Food and Agriculture Fund pursuant to subdivision (a) shall instead be transferred to the Highway Users Tax Account in the State Transportation Fund, for distribution pursuant to subdivision (a) of Section 2103 of the Streets and Highways Code.

(c) On or before September 30, 2012, and on or before September 30 of each even-numbered year thereafter, the Director of Transportation and the Director of Food and Agriculture shall jointly prepare, or cause to be prepared, a report setting forth the current estimate of the amount of money, including any revenues attributable to the taxes imposed pursuant to subdivision (b) of Section 7360 and Section 7361.1 in the Motor Vehicle Fuel Account attributable to agricultural off-highway use of motor vehicle fuel, which is subject to refund pursuant to Section 8101 less gross refunds

allowed by the Controller to persons entitled to refunds for agricultural off-highway use pursuant to Section 8101; and they shall submit a copy of the report to the Legislature. Commencing July 1, 2015, any revenues attributable to the taxes imposed pursuant to subdivision (b) of Section 7360 and Section 7361.1 shall be excluded from this report.

SEC. 5. Section 8352.6 of the Revenue and Taxation Code is amended to read:

8352.6. (a) (1) Subject to Section 8352.1, and except as otherwise provided in paragraphs (2) and (3), on the first day of every month, there shall be transferred from moneys deposited to the credit of the Motor Vehicle Fuel Account to the Off-Highway Vehicle Trust Fund created by Section 38225 of the Vehicle Code an amount attributable to taxes imposed upon distributions of motor vehicle fuel used in the operation of motor vehicles off highway and for which a refund has not been claimed. Transfers made pursuant to this section shall be made prior to transfers pursuant to Section 8352.2.

(2) From July 1, 2012, until June 30, 2015, inclusive, the revenues attributable to the taxes imposed pursuant to subdivision (b) of Section 7360 and Section 7361.1 and otherwise to be deposited in the Off-Highway Vehicle Trust Fund pursuant to paragraph (1) shall instead be transferred to the General Fund. The revenues attributable to the taxes imposed pursuant to subdivision (b) of Section 7360 and Section 7361.1 that were deposited in the Off-Highway Vehicle Trust Fund in the 2010–11 and 2011–12 fiscal years shall be transferred to the General Fund. Commencing July 1, 2015, the revenues attributable to the taxes imposed pursuant to subdivision (b) of Section 7360 and Section 7361.1 and otherwise to be deposited in the Off-Highway Vehicle Trust Fund pursuant to paragraph (1) shall instead be transferred to the Highway Users Tax Account in the State Transportation Fund, for distribution pursuant to subdivision (a) of Section 2103 of the Streets and Highways Code.

(3) The Controller shall withhold eight hundred thirty-three thousand dollars (\$833,000) from the monthly transfer to the Off-Highway Vehicle Trust Fund pursuant to paragraph (1), and transfer that amount to the General Fund.

(b) The amount transferred to the Off-Highway Vehicle Trust Fund pursuant to paragraph (1) of subdivision (a), as a percentage of the Motor Vehicle Fuel Account, shall be equal to the percentage transferred in the 2006–07 fiscal year. Every five years, starting in the 2013–14 fiscal year, the percentage transferred may be adjusted by the Department of Transportation in cooperation with the Department of Parks and Recreation and the Department of Motor Vehicles. Adjustments shall be based on, but not limited to, the changes in the following factors since the 2006–07 fiscal year or the last adjustment, whichever is more recent:

(1) The number of vehicles registered as off-highway motor vehicles as required by Division 16.5 (commencing with Section 38000) of the Vehicle Code.

(2) The number of registered street-legal vehicles that are anticipated to be used off highway, including four-wheel drive vehicles, all-wheel drive vehicles, and dual-sport motorcycles.

(3) Attendance at the state vehicular recreation areas.

(4) Off-highway recreation use on federal lands as indicated by the United States Forest Service's National Visitor Use Monitoring and the United States Bureau of Land Management's Recreation Management Information System.

(c) It is the intent of the Legislature that transfers from the Motor Vehicle Fuel Account to the Off-Highway Vehicle Trust Fund should reflect the full range of motorized vehicle use off highway for both motorized recreation and motorized off-road access to other recreation opportunities. Therefore, the Legislature finds that the fuel tax baseline established in subdivision (b), attributable to off-highway estimates of use as of the 2006–07 fiscal year, accounts for the three categories of vehicles that have been found over the years to be users of fuel for off-highway motorized recreation or motorized access to nonmotorized recreational pursuits. These three categories are registered off-highway motorized vehicles, registered street-legal motorized vehicles used off highway, and unregistered off-highway motorized vehicles.

(d) It is the intent of the Legislature that the off-highway motor vehicle recreational use to be determined by the Department of Transportation pursuant to paragraph (2) of subdivision (b) be that usage by vehicles subject to registration under Division 3 (commencing with Section 4000) of the Vehicle Code, for recreation or the pursuit of recreation on surfaces where the use of vehicles registered under Division 16.5 (commencing with Section 38000) of the Vehicle Code may occur.

SEC. 6. Section 2103 of the Streets and Highways Code is amended to read:

2103. (a) Notwithstanding Section 13340 of the Government Code, of the net revenues deposited to the credit of the Highway Users Tax Account that are derived from the increases in the rates of taxes that are imposed pursuant to subdivision (b) of Section 7360 and Section 7361.1 of the Revenue and Taxation Code, all of the following shall occur on a monthly basis:

(1) (A) By the 15th day of every month, the Treasurer's office, in consultation with the Department of Finance, shall notify the Controller of the amount of debt service that will be paid on each transportation bond during that month.

(B) Within two business days following the 28th day of each month, the Controller shall transfer to the Transportation Debt Service Fund an amount equal to the amount of monthly debt service paid by the General Fund on any bonds issued pursuant to the Seismic Retrofit Bond Act of 1996 (Chapter 12.48 (commencing with Section 8879) of Division 1 of Title 2 of the Government Code) or any other bonds issued for highway or eligible guideway projects consistent with the requirements applicable to the expenditure of revenues under Article XIX of the California Constitution

as identified by the Department of Finance pursuant to Section 16965 of the Government Code, and three-quarters of the amount of monthly debt service paid on any bonds issued pursuant to the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 (Chapter 12.49 (commencing with Section 8879.20) of Division 1 of Title 2) for reimbursement of the General Fund for these costs. If revenues available pursuant to this subdivision in any given month are insufficient to fully reimburse the General Fund for the debt service payments made, the first revenues available pursuant to this subdivision in the following month or months shall be transferred to the Transportation Debt Service Fund so that all debt service payments made on these bonds from the General Fund in a given fiscal year are fully reimbursed. However, no further transfers shall be made pursuant to this subparagraph once the transfers for the months of July to October, inclusive, in 2010 have been made. Any transfers made from the net revenues identified in this paragraph for highway and eligible guideway bond debt service for months after October 2010 shall be reversed and shall instead be made from weight fee revenues in the State Highway Account, as described in subparagraph (F).

(C) Beginning November 2, 2010, the Controller shall transfer to the State Highway Account within two business days following the 28th day of each month all of the monthly net revenues identified in subparagraph (B) that were designated for highway and eligible guideway bond debt service reimbursement but that have not been transferred, or that were transferred by means of a transfer that was reversed, pursuant to that subparagraph. To the extent the Controller has distributed any of those net revenues to cities and counties pursuant to subparagraph (C) of paragraph (3) between November 2, 2010, and March 24, 2011, the Controller shall subsequently reduce the amount transferred to cities and counties on a monthly basis pursuant to subparagraph (C) of paragraph (3) and shall instead transfer these funds to the State Highway Account until all of the revenues that would otherwise have been transferred to the State Highway Account on and after November 2, 2010, pursuant to this subparagraph have been so transferred. For the 2011–12 fiscal year, the Controller shall transfer to the State Highway Account within two business days following the 28th day of each month an amount equal to the weight fee revenues transferred to the Transportation Debt Service Fund pursuant to subdivision (b) of Section 9400.4 of the Vehicle Code, including forty-three million seven hundred thousand dollars (\$43,700,000) authorized pursuant to Item 2660-013-0042 of Section 2.00 of the Budget Act of 2011 and an amount equal to weight fee revenues transferred to the General Fund as a loan pursuant to subdivision (b) of Section 9400.4 of the Vehicle Code. To the extent the Controller has distributed any of those revenues to cities and counties pursuant to subparagraph (C) of paragraph (3), the Controller shall subsequently reduce the amount transferred to cities and counties on a monthly basis pursuant to subparagraph (C) of paragraph (3) and instead transfer these funds to the State Highway Account until all of the revenues that would otherwise have been transferred to the State Highway Account

in the 2011–12 fiscal year pursuant to this subparagraph have been so transferred.

(D) Notwithstanding subparagraph (C), commencing with the 2012–13 fiscal year and every fiscal year thereafter, the Controller shall transfer to the State Highway Account within two business days following the 28th day of each month an amount equal to the amount of weight fee revenues transferred to the Transportation Debt Service Fund for highway and eligible guideway bond debt service and to the General Fund as a loan pursuant to subdivision (c) of Section 9400.4 of the Vehicle Code.

(E) Beginning July 1, 2011, transfers made under subparagraphs (C) and (D) during a fiscal year shall not exceed the annual revenue generated from weight fees, as determined by Sections 9400.4 and 42205 of the Vehicle Code, at the rates in effect as of March 24, 2011, as determined by the Department of Finance.

(F) Any remaining amount of the highway or eligible guideway bond debt service reimbursement authorized by this paragraph that has not been made pursuant to subparagraph (B) on and after November 2, 2010, shall instead be made pursuant to subdivisions (a), (b), and (c) of Section 9400.4 of the Vehicle Code from revenues in the State Highway Account derived from weight fees deposited in the account pursuant to subdivision (e) of Section 9400.1 and Section 42205 of the Vehicle Code.

(2) (A) In the 2010–11 fiscal year, after the monthly transfer made pursuant to paragraph (1), the sum of fifty-four million one hundred sixty-seven thousand dollars (\$54,167,000) per month shall be held in the account for future appropriation by the Legislature.

(B) Notwithstanding any other provision of law, with respect to the monthly net revenues described in subparagraph (A), no further transfers of these revenues for the purpose of loans to the General Fund shall be made pursuant to Item 2660-011-0062 of Section 2.00 of the Budget Act of 2010 once the loan transfers for the months of July to October, inclusive, in 2010 have been made. Notwithstanding the loan repayment date specified in the provisional language for that item, the funds loaned shall be repaid by June 30, 2021. Any transfers made from the monthly net revenues in subparagraph (A) for months after October 2010 shall be reversed and shall instead be made from weight fee revenues in the State Highway Account, as described in subparagraph (D). The revenues from loan repayments shall be held in the Highway Users Tax Account for future appropriation by the Legislature.

(C) Beginning November 2, 2010, all of the monthly net revenues described in subparagraph (A) shall instead be transferred by the Controller to the State Highway Account within two business days following the 28th day of each month. To the extent that the Controller has distributed any of the revenues identified in this paragraph to cities and counties pursuant to subparagraph (C) of paragraph (3) between October 14, 2010, and March 24, 2011, the Controller shall subsequently reduce the amount transferred to cities and counties on a monthly basis pursuant to subparagraph (C) of paragraph (3) and shall instead transfer these funds to the State Highway Account until all of the revenues that would have been transferred to the

General Fund as a loan pursuant to Item 2660-011-0062 of Section 2.00 of the Budget Act of 2010 on and after November 2, 2010, have instead been transferred to the State Highway Account.

(D) Any remaining amount of the loans to the General Fund authorized pursuant to Item 2660-011-0062 of Section 2.00 of the Budget Act of 2010 that has not been made pursuant to subparagraph (B) on and after November 2, 2010, shall instead be made pursuant to subdivisions (a), (b), and (c) of Section 9400.4 of the Vehicle Code from revenues in the State Highway Account derived from weight fees deposited in the account pursuant to subdivision (e) of Section 9400.1 and Section 42205 of the Vehicle Code.

(3) The Controller shall transfer any remaining net revenues subject to this subdivision as follows:

(A) Forty-four percent shall be transferred to the State Highway Account to fund projects in the State Transportation Improvement Program that are consistent with Section 1 of Article XIX of the California Constitution, except in the 2010–11 fiscal year, 50 percent shall be transferred for purposes of this subparagraph.

(B) Twelve percent shall be transferred to the State Highway Account to fund projects in the State Highway Operation and Protection Program, except in the 2010–11 fiscal year, no revenues shall be transferred for purposes of this subparagraph.

(C) Forty-four percent shall be apportioned by the Controller for local street and road purposes, except in the 2010–11 fiscal year, 50 percent shall be transferred for purposes of this subparagraph as follows:

(i) Fifty percent shall be apportioned by the Controller to cities, including a city and county, in the proportion that the total population of the city bears to the total population of all the cities in the state.

(ii) Fifty percent shall be apportioned by the Controller to counties, including a city and county, in accordance with the following formulas:

(I) Seventy-five percent shall be apportioned among the counties in the proportion that the number of fee-paid and exempt vehicles that are registered in the county bear to the number of fee-paid and exempt vehicles registered in the state.

(II) Twenty-five percent shall be apportioned among the counties in the proportion that the number of miles of maintained county roads in each county bear to the total number of miles of maintained county roads in the state. For the purposes of apportioning funds under this subparagraph, any roads within the boundaries of a city and county that are not state highways shall be deemed to be county roads.

(b) After the transfers or other actions pursuant to subdivision (a), at least 90 percent of the balance deposited to the credit of the Highway Users Tax Account in the Transportation Tax Fund by the 28th day of each month shall be apportioned or transferred, as applicable, by the Controller by the second working day thereafter, except for June, in which case the apportionment or transfer shall be made the same day. These apportionments or transfers shall be made as provided for in Sections 2104 to 2122, inclusive. If information is not available to make the apportionment or transfer as

required, the apportionment or transfer shall be made on the basis of the information of the previous month. Amounts not apportioned or transferred shall be included in the apportionment or transfer of the subsequent month.

(c) Notwithstanding any other law, the funds apportioned by the Controller to cities and counties pursuant to subparagraph (C) of paragraph (3) of subdivision (a) are not subject to Section 7104 or 7104.2 of the Revenue and Taxation Code. These funds may be expended for any street and road purpose consistent with the requirements of this chapter.

SEC. 7. Section 9400.4 of the Vehicle Code is amended to read:

9400.4. Weight fee revenue deposited into the State Highway Account pursuant to subdivision (e) of Section 9400.1 and Section 42205 shall be used as follows:

(a) For the 2010–11 fiscal year, seven hundred fifty-six million three hundred ninety-six thousand dollars (\$756,396,000) is hereby appropriated from weight fee revenues in the State Highway Account for transfer to the General Fund as transportation bond debt service reimbursement and loans as follows:

(1) The Controller shall transfer all weight fee revenues deposited into the State Highway Account in any month to the Transportation Debt Service Fund for transfer to the General Fund as reimbursement for debt service costs until all of the debt service paid on transportation bonds for projects that the Director of Finance indicates qualify for reimbursement as provided for in Section 16965 of the Government Code have been reimbursed.

(2) After the Director of Finance has notified the Controller that all debt service costs for the 2010–11 fiscal year have been reimbursed, the Controller shall transfer any remaining monthly weight fee revenues in the State Highway Account to the General Fund as a loan until the full amount appropriated in this subdivision has been transferred to the General Fund. The Director of Finance may repay any remaining portion of the outstanding balance of this loan in any year in which the Director of Finance determines the funds are needed to reimburse the General Fund for current year transportation bond debt service or to redeem or defease those bonds, pursuant to Section 16774 of the Government Code, maturing in a subsequent fiscal year, provided that the loans shall be repaid no later than June 30, 2021. All funds loaned pursuant to this section, upon repayment to the State Highway Account, shall be immediately transferred by the Controller to the Transportation Debt Service Fund for use pursuant to Section 16965 of the Government Code.

(3) By June 15, 2011, the Director of Finance in consultation with the Treasurer shall notify the Controller regarding the final amount of debt service paid from the General Fund during the 2010–11 fiscal year pursuant to Section 16965 of the Government Code and shall direct the Controller to reverse and adjust any transfers made as debt service reimbursements or loans so that a maximum amount of transfers are made for debt service reimbursements and with any loan amounts limited to the difference between this amount and the total amount appropriated in this subdivision. The total amount of weight fee revenues transferred from the State Highway Account

for the 2010–11 fiscal year shall not be greater than the total amount of weight fee revenues deposited into the State Highway Account for that year.

(4) With respect to transfers or portions of transfers that cannot be made in any given month if weight fee revenues are insufficient, the first weight fee revenues available in the following month or months shall be used to complete the transfers for the previous month or months prior to making additional transfers for later months.

(b) For the 2011–12 fiscal year, all revenue generated from weight fees in the State Highway Account, as determined by Sections 9400.1 and 42205, excluding an amount equal to the loan of forty-three million seven hundred thousand dollars (\$43,700,000) authorized pursuant to Item 2660-013-0042 of Section 2.00 of the Budget Act of 2011, is hereby appropriated for transfer to the General Fund as debt service reimbursement and loans as follows:
